A Fatal Wreck on the N. C. & St. L. Near Chattanooga.

Four Killed and Fifteen or More Hurt Late Yesterday Afternoon in Passenger Train Collision.

OTHERS INJURED MAY DIE

Chattanooga, June 13—A fatal collision occurred on the Nashville, Chattanooga and St. Louis railroad yesterday afternoon between Hooker and Summit, two small stations about twelve miles from this city. Three men were killed outright, one died after being removed to the hospital, and about fifteen others more or less seriously injured. Possibly two or three of the wounded will die from the effects of their injuries.

The dead are: L. A. Rankin, fireman of the accommodation train; James Hernard, fireman of the fast mail train; Express Messenger Bobb of the fast mail train; George Rollins, engineer accommodation train, died after being removed to the hospital.

The seriously injured are: J. W. Barker, mail clerk, serious; Fred Thatch, baggage master, serious, may recover; Mail Clerk Miller, serious, not fatal; R. R. Stover, mail clerk, serious; A. W. Clark, mail clerk, will recover; George Ray, engineer fast mail.

Train No. 98, known as the Jasper, Accommodation, left Chattanooga about 2:40 o'clock this afternoon. It was due at Summit at 3:08. The other train, a fast mail from Nashville, was behind time, and the meeting point of these trains had been changed from the regular station of Summit. One of the engineers, it is said, overlooked his orders and ran past the designated place.

Engineer George Rollins, of Pikeville, Fireman L. A. Rankin of this city and Conductor R. A. Doss of Jasper composed the crew of the accommodation train. The fireman was horribly mangled and died almost instantly. Engineer Rollins was badly injured, crushed and large holes made in his head and left side. He died later at the hospital.

Engineer George Ray of the fast mail train is seriously injured and, it is thought, fatally. His left side and head were crushed and other parts of his body bruised. His fireman, James Hernard, was caught under the smaller engine and literally burned to death. A handful of cinders and charred flesh was all that could be found of him.

Express Messenger Webb, of the fast mail train, was caught under the debris and died shortly after having been removed to a place of safety.

The story of the wreck as told by the passengers on the mail train and a thrilling one of being placed in a position of being able to see the approaching disaster. On account of the position of the track, there being a double reverse curve at the place of the wreck, the passengers were able to see from the side of the cars the approaching accommodation train.

None of the passengers was seriously injured.

J. L. Tompkins, of Nashville, the express messenger helper, is dead from the injuries he received in yesterday's wreck. The report of the death of Express Messenger Webb was erroneous. He will probably live. It is now thought that the others injured will recover.

Mrs. F. M. Dangherly and daughter, Mrs. Robert Seviere, of Louisville, left today for a sojourn at Crittenden before returning home.

NEW LAWS

Some of the Changes in Revenue Regulations to go into Effect.

There Are Quite a Number of Changes in the Laws, Effective July 1.

The laws passed by the recent legislature changing the revenue regulations of Kentucky go into effect July 1, and there are quite a number of important features of the new bill.

Taverns, hotels, etc., are required to pay an annual license of \$150 to sell spirituous, vinous and malt liquors. Heretofore the license has been as follows: To sell malt liquor, \$80; to sell spirituous, vinous and malt liquor, \$235. According to the new law there will be but one uniform license.

The license to sell playing cards has been reduced from \$10 to \$5; the license to sell pistols has been reduced from \$100 to \$25, and the license to sell bowie knives, brass knucks, etc., has been reduced from \$100 to \$50.

The pawnbrokers' license has been decreased from \$500 to \$300.

The license to run a bowling alley has been reduced from \$50 to \$40, while the license for druggists has been decreased from \$75 to \$50. A license of \$10 has been fixed for the privilege of using foreign trading stamps.

The license for distillers of spirituous liquors is kept at \$100, while the license for distillers of vinous liquors remains at \$50.

A new license is required of cigarette dealers. Wholesale dealers must pay \$100, while retail dealers must pay a license of \$10.

A new license of \$200 is also imposed upon breweries. Agencies of local and foreign breweries must each day pay a tax of \$25.

Wholesale liquor dealers must pay a tax of \$100 if they sell 500 barrels or under; \$200 if they sell 1,000 barrels or under; and \$300 if they sell over 1,000 barrels. The local and foreign dealers in wines, ales, etc., must pay a tax of \$200. These last mentioned taxes are new ones.

IN LUNNON TOWN

Thieves of all Descriptions and Nationalities There.

Scotland Yard Unable to Cope with Them, They Are so Numerous.

London, June 13.—The officials of Scotland Yard and the Metropolitan police openly express fear of their inability to cope with the many thieves of all descriptions who have invaded London for the coronation, and a statement has been issued to the public asking residents and visitors alike to exercise the utmost vigilance in guarding their personal property during the next four weeks. The citizens of London are especially warned against leaving their homes unguarded on the day of the coronation parade. The authorities believe that the invasion of crooks will be much larger than at the time of the Queen's Jubilee. The belief is based on the fact that a large advance guard of the gentry has already put in an appearance. The thieves of high and low degree, confidence men, badger workers, pickpockets and others who live by their nerve and wits and believe that there will be rich picking during the coronation exercises, and they evidently want to be on the grounds early.

Not only have they come from all parts of Great Britain, but from all over Europe and America as well. Of all these undesirable visitors the most feared are those from America, who have long enjoyed an international reputation for their extreme cleverness and boldness in plying their nefarious trade. The Americans are considered particularly clever as hotel thieves and pickpockets. As a rule they are more intelligent and of better appearance than their European brethren, and consequently it is more difficult to detect them. The London authorities rely greatly on the aid of outside detectives in the work of running down the crooks. New York, Berlin, Paris and other large foreign cities have sent some of their best men. They are supposed to be acquainted with the expert thieves of their respective cities and will take them into custody on sight, to be kept under lock and key until after the close of the coronation festivities. Scotland Yard loudly complains that it is cramped in its work by lack of sufficient funds, and an extraordinary appropriation is now under advisement to provide for the proper protection of the thousands of distinguished visitors now assembling in the metropolis.

DEATH AT FLORENCE.

The infant daughter of Mr. and Mrs. William Holt died yesterday at Florence station, and the remains were buried at the family burying ground at that place.

BAPTIST ASSOCIATION.

A BIG MEETING IN PROGRESS AT LONDON, KY.

London, Ky., June 13.—The sixty-fifth annual convention of the General Association of Baptists in Kentucky opened here with the largest attendance in many years.

Dr. T. T. Eaton, of Louisville, was re-elected as moderator without opposition. Dr. Henry McDonald, of Shelbyville, and Dr. C. H. Nash, of Hopkinsville, were elected as assistant moderators. The Rev. J. K. Nunnally, of Georgetown, and the Rev. B. H. Dement, of Louisville, were chosen secretaries. A striking address of welcome was delivered by the Rev. W. B. McGarity, of London, and an appropriate response was made by the Rev. Dr. William Shelton, of Standford.

The annual report of the executive board of the association, read by Secretary J. G. Bow, of Louisville, showed that there were 100 missionaries in the employ of the board in Kentucky, and that their labor had resulted in more than 1,200 conversions, and in the raising of more than \$20,000. Contributions for this work had increased \$5,000 during the year.

At the afternoon session the work for old ministers was given consideration. There were addresses and a collection, and one of the beneficiaries of the society, the Rev. Andy J. Patrick, of Grays, addressed the association. He is in his ninety-eighth year.

NO STRIKE.

THE ILLINOIS CENTRAL WILL DOUBTLESS MAKE PROPER CONCESSIONS.

Representatives of the telegraph operators on the Illinois Central lines were in conference with the officials of that company yesterday at Chicago over the matter of wages and hours of work, which the former ask to have changed. There is no likelihood of there being any strike over the matter and the probabilities are that the operators will be conceded some of the things they ask for. The request for higher pay and also that for shorter hours relate to individual cases, such as particular stations, where the arrangement for help and the amount of work to be done have not been adjusted in accordance with what the men think are reasonable requirements. The conference has progressed in a very amicable way, and a settlement satisfactory to both parties is looked for.

IT IS PERMANENT.

RESTRAINING ORDER IN CITY OF GOLOONDA CASE.

Judge Walter Evans has made permanent the restraining order enjoining the bringing of actions against Captain Ottoman Bauer, former owner of the City of Golconda for damages resulting from the disaster to the boat at Cottonwood Bar last August 21st, when eighteen or twenty people were lost.

Soon after the boat was lost, administrators of estates began to file suits, but Captain Bauer availed himself of a federal law which prescribes that in such cases the owner of the boat cannot be liable for more than the value of the craft. The court so held, the craft was sold, bringing only about \$500, and the court has made perpetual the injunction prohibiting the filing of suits. Yesterday Deputy Marshal Sanders went to Livingston county and served the papers on a number of persons.

CASE COMPROMISED.

THE FRED STEWART CASE WILL BE FINALLY TAKEN FROM COURT.

The Fred Stewart damage suit, which arose over a switchman's tossing his legs by being run over by a switch engine here a few years ago, several verdicts being won against the Illinois Central as a result, has been finally settled, the plaintiffs having agreed to compromise for \$11,000. The last verdict was for \$15,000, which, with interest, amounted to about \$18,000. The case had since been hung up in the court of appeals on a motion for a new hearing, and to get it out of court the compromise was effected. Stewart has since died of smallpox in Springfield, Mo., and his widow still lives there.

SOLVED AT LAST!

It is understood that one of our altermen is to introduce an ordinance at the next meeting compromising the cow question by requiring the animals to be "herded" every day and driven to pasture. This is a bright idea, and ought to go down on the official records as one of the most ingenious suggestions ever offered in a municipal legislative board. It ought to settle the cow question. All you have to do is to have a man or two, to be known as cow-drivers, start out each morning, go over the city, which would of course require hat a few moments, and collect all the cows. The cows, by special instructions from their owners, would be in waiting at the gate every morning and all the cow driver would have to do would be to open the gate and let her join the procession. As the various streets were traversed in order there would be additions from time to time until all the cows were in line, and they could then be taken to the pasture, wherever it is. We have no public pasture except Yeiser Park, and of course that would not do for all of them. The various cows could be consigned, however, and asked which particular part of the country they preferred, and could be taken there, one at a time. The cow driver could then go home to supper, and return and escort the bovines back, collecting them from the various pastures, and delivering them at their homes safe and sound in time to start out again the next day. This would keep the cows too busy to think about loafing about the streets or invading peoples' yards. It is an idea that could have emanated from the brilliant intellect of only a city alderman!

There is talk of Congressman Wheeler's entering the gubernatorial race in this state, but as yet Congressman Wheeler has not been heard from. If he does run, it will add to the complications already existing in Democratic politics in Kentucky. They already have one candidate for governor in the first district, and if it came to a choice between Congressman Wheeler, who has always trotted with the machine gang, and Hon. John K. Hendrick, who has not, it can easily be seen who would be defeated. That Congressman Wheeler will enter the race is firmly believed by many. Should he be elected it would be a good stepping stone to a United States senatorship, for which he was defeated in the recent legislature. There are several announced or prospective candidates whose political death knell will be rung if Congressman Wheeler

enters the race.

The Mayfield Messenger takes the sensible view that to gouge the corporations, simply because they usually are prosperous and their stockholders are well-to-do men who have made money, inevitably reacts on the people. It says: "There is bound to be a reaction some of these days in many of life's necessities. Taxes, both state and municipal, are getting out of reach. The states are taxing the corporations at the top notch to get money to pay the expenses of running the various governments, and and these corporations are increasing the prices of their products in return, which at last falls on the poor consumer." The legislators of Kentucky ought to realize this. The corporations they do not rob by taxation they hold up at every convenient time for campaign funds.

Mayor Yeiser will probably have to sign or veto the cow ordinance if it is passed. He will be forced to display this much backbone. In either fail to sign the ordinance or to veto it would be virtually the same. If he does not sign it it will simply be a veto, because it will necessitate the same method of procedure as a veto. It will require the ordinance to be passed with a two-thirds majority, and the mayor knows it, and the people know it. He will have to show his hand. He will have to be man or monkey. He will have to go on record, as mayor of a second class city, as favoring or opposing an ordinance to banish the cow from the streets and yards.

A memorial has been presented to Congress from Carl Schurz and a lot of other cranks asking that a congressional committee be appointed to go to the Philippines and investigate the conditions there. This memorial ought to speedily find the waste basket. A delegation of Congressmen could learn no more by a trip to the Philippines than is already known. We know of the conditions there now. Enough smart men have been there and made impartial and intelligent investigations without sending a lot of congressmen over to go over the work again, and perhaps not do it as well.

Paducah must look ridiculous in the eyes of the world. Here we are discussing the town cow question and trying to convince the clod-hopper contingent that it is not wise to allow live stock to perambulate the streets, just as if the question were new and has not already been settled by every up-to-date city and town in the country. We must look like a set of farmers to outsiders.

The Democrats are still trying to get together. The would-be leaders evidently think that the road to the big politicians' hearts is through their stomachs, and another "dinner" is to be held, this one at Boston. The late W. J. Bryan and Senator Hydrophobia Carmack are expected to be among the prominent orators who will soothe the erratic consciences and titillate the ordality of the Democratic hosts.

The state auctioneers of Iowa have decided that in order to be entitled to the title of "colonel" a member must have made 1,000 sales. It doesn't require anything like that in become a colonel in Kentucky.

HARD TO FIND.

WILLIAM SMITH'S BROTHER
DEAD IN PENNSYLVANIA.

William Smith is not a very uncommon name, but it happens that there is only one in the city directory, and it has a "J" in it. This fact was ascertained this morning by Manager Ooharn, of the Western Union, who has had a telegram for William Smith for two days, and has been unable to locate the right man by communicating with any of the numerous Smiths in the city.

The telegram announces the death at Pomroy, Pa., of Smith's brother.

A NEW QUESTION

Transfer Company Claims it Has
Paid One License.

Young Men Held Over for Stealing a
Pistol—Judge Sanders Decides
Jurisdiction Question.

PROCEEDINGS IN POLICE COURT

Judge Sanders this morning decided that the police court, under the second class charter, has no jurisdiction in petty larceny or gaming cases, and suspended the fine of \$300 against Kaufman for setting up a game during the carnival, until the circuit court passes on the question. Judge Sanders has fully investigated the law, and rendered the decision after careful deliberation.

An interesting question has been raised in the case against the Palmer Transfer company, which has been warranted on a charge of failing to pay license on some of its hacks. The law requires a livery license, and a separate license for all hacks run for profit. The company contends that it pays a license to do a livery business, and is entitled to use as many vehicles as are necessary to run the business. The carriages, it claims, that it has not paid license on, are not run for what trade can be picked up, but are kept in the stable for exclusive use in filling orders for weddings, funerals, etc. The case was partially heard this morning and left open.

John Bulger, John Galar and Will Husbard were held over this morning for petty larceny in the sum of \$100 each. They were charged with having stolen a pistol from Mobley's saloon. The case against Husbard for presenting a pistol was continued.

Will Gordon, colored, for abducting an insurance agent, was fined \$20 and costs. Clach Dollar for using insulting language, was fined \$5 and costs.

The warrant against Sterling Fitzgerald and Clifton Bidwell, for a breach of the peace, was filed away.

Dutch Waggener, one of the men in the crowd that jumped on Bea Clark, the hack driver, was fined \$20 and costs. He was not arrested when the others were.

John Hammond, of Murphysboro, Ill., fined \$25 and costs and sentenced to ten days in jail for carrying concealed a deadly weapon, was this morning released from the fine on recommendation of the county and city physician, being very ill. He has served his jail sentence.

ALL BACK.

MR. GEORGE ROBERTSON MADE
TWO CLEAN SCORES.

Mr. George Robertson returned this morning from Memphis where he attended the big shooting tournament. Messrs. Moses Starr and Walter Wilkins, who also went from Paducah, returned yesterday. The Paducah boys made some good scores but Mr. Robertson was the only representative from the city who captured a straight score. He made two straight shots in 15 bird matches and came out second and third in two twenty bird matches. Messrs. Starr and Wilkins made good scores also but not so good as the former marksman. There were 63 shooters in all and Messrs. W. W. Watson, of Louisville; J. LaCompte, of near Newport, and Tom Olney, of Anstetter, composing the Kentucky team, won the first prize and captured three gold medals for the excellent work. They made a score of 69 out of 75 birds, two birds higher than the Memphis team which captured 67 birds.

The local shooters were well pleased with the tournament and enjoyed the trip very much.

EPWORTH LEAGUE.

INTERESTING MEETINGS BEING
HELD IN COLORADO.

Salida, Colo., June 13.—Delegates to the state Epworth League conference were up betimes this morning and the "quiet hour" service was well attended. The forenoon was crowded with interesting features, including a Bible study conference presided over by S. E. Ellis of Aspen, an address on "Deominational Loyalty to the Amusement Problem," by Miss Davidson of Colorado Springs, and a series of round table discussions conducted by the state cabinet and participated in by well known religious workers of Denver, Canon City, Pueblo and other cities of the state.

The afternoon program began with an address by Chas. H. Buchtel of the University of Denver, on the subject, "The League and the University." Later in the day the juniors had their inagals. This evening the delegates assemble to listen to a lecture by Fletcher A. Wharton, D.D., of Lincoln, Neb.

GET A GOOD RAISE

Illinois Central Employees Receive
Official Notice of an Increase.

All The Shop Men on the System Get
Material Additions to Their
Monthly Wages.

NOTES OF THE RAILROADS

The following bulletin met the gaze of the many employees of the local Illinois Central shops this morning as they went to work:

"Illinois Central Railroad Co., Chicago, June 10, 1902.

"To the Shop Employees of the Machinery Department:

"During the past few weeks numerous petitions have been received from various classes of employees of the different shops of the system requesting an increase of pay because of the higher expenses of living and the general increased prosperity of the country.

"Careful consideration has been given to the petition also the necessities of the men who have not presented petitions or made verbal requests. The management considering that under the circumstances which prevail at this time, it should deal as favorably as possible with the men employed in all classes of work in its shops.

"It has therefore been decided that, taking effect June 1, 1902:

"1. All hourly men receiving 25 cents per hour and over shall be increased 1 1/2 cents per hour or 15 cents per day of ten hours.

"2. All hourly men receiving 15 cents per hour and under 25 cents per hour shall be increased 1 cent per hour, or 10 cents per day of ten hours.

"3. All hourly men receiving less than 15 cents per hour shall be increased 1/2 cent per hour or 5 cents per day of ten hours.

"The expenditure on the part of the company, which taken into connection with the substantial increase of wages made last year, places the wages of the employees of this company on the highest plane for this class of railroad work. It is to be hoped that generous action on the part of the company will meet with the appreciation of the employees, and that they will give to the company their best efforts in the faithful and loyal performance of their duties.

J. T. HARRAHAN,
Second Vice President."

The Illinois Central has always done for its employees all that was asked and in this instance has done more. Several weeks ago the boilermakers of the system asked for a raise and when the raise was made all the other journey men were raised with them. The boilermakers did not get quite as much as was asked for but the total increase will amount to much more than the company would have had to pay out had it increased the boilermakers alone. The raise will increase the machinists to 30 1/2 cents per hour, within one half cent of what they asked for more than one year ago. The Paducah shop employees have received two raises within the year and the work put out by the local men has been the best on the system.

The increase is in the employees of the machinery department. The foremen get an increase and so do all other employees of this department on the monthly pay roll but the increases differ. The master mechanic and the office force were not raised.

Mr. James Hofflich, foreman of the Fulton machinery department of the Illinois Central, has been transferred to Paducah shops to succeed Foreman Axon, resigned. Mr. Hofflich was formerly foreman at Henderson shops but was lately removed to Fulton. He is succeeded by O. C. Taylor, the change being effective within the week. Mr. Hofflich's many friends here will be pleased to learn that he has returned to the city.

The big coal chute being built in the north end of the new I. C. yards, is

rapidly being constructed and will be ready for use even sooner than expected provided the weather holds out. The fill is being completed and a big derrick has been erected to handle the big timbers that will form the incline.

FOR EXPORT

Paducah Sends a Big Car Load of
Furniture.

The Paducah Furniture Manufacturing
Co. Books Good Export Order.

The Paducah Furniture Manufacturing Co. will ship today or tomorrow a car load of beds to B. Soate and Co., New York. Messrs. Soate are exporters of furniture and these goods are ordered for export. The shipment will amount to 213 beds, and the value is about \$600. The furniture company has been selling Messrs. Soate and Co. for some time but this is the largest shipment they have made them. It is only evidence of what this progressive firm is doing and shows that Paducah is competing with the large Michigan furniture centers and gets the business.

PHONE TO BENTON

The Cumberland to Purchase a
Franchise the 21st.

Will Build from Paducah to Benton,

The Cumberland Telephone company is to begin shortly the construction of its line to Benton, which was decided on some time ago.

A franchise is to be sold at Benton on the 21st inst., and it is at the express request of the company that the same is to be made, and the Cumberland will doubtless purchase it.

The new line is to go direct from Paducah along the N. C. and St. L. railroad, and will then be continued through to Murray thence to Hollow Rock, Tenn. The line will not be completed before fall.

WITH THE THEATRES.

"Michael Strogoff," that stirring Russian melodrama that never grows old, was presented by the English Stock company last night at The Kentucky to a good crowd, and promises to fill the theatre during the remainder of the week. It is a play that immediately pleased the crowd. It has plenty of action, and gives the members of the company ample opportunity to do good work. Mr. Harmon and Miss Gale appeared last night in the heavy roles, and Mr. James in the lead, with Miss Wayne in a leading part, and Miss Field in an admirable character part. Miss Stockton also had a good character role in which she appeared to advantage, while Messrs. Grigg and Florence did the comedy. Mr. Forsythe as the czar and post agent did clever work, as did Mr. Beaton as the Almer and grand duke. The play has many thrilling scenes, and is one that cannot fail to please.

Miss Wayne's specialty as "The Singing Girl," in white knickerbockers, was one of the features, and Miss Alma Hayes sang well Prof. Dodd's new song, and "Under the Shade of the Palms." Messrs. Grigg and Florence gave pleasing specialties. The bill will be repeated tonight and tomorrow afternoon and night.

The performance at La Belle park theatre last night was enjoyed by a fair sized audience. The bill was an interesting drama, "The Castaway," together with very entertaining specialties, and proved one of the best yet put on by this company. This bill is to be repeated tonight and tomorrow night, and also at the Saturday matinee.

On account of continued illness of Miss La Tour, of the La Belle Stock company, the cast, as originally programmed, was considerably changed. Miss Mandeville taking the part Miss La Tour had been cast for, Miss Grace in place of Miss Verden and Miss Verden in the leading role.

Miss Leslie Verden, formerly leading lady of the Arnold Stock company, which was here recently made her first appearance with the La Belle Stock company in leading role last night.

The English Stock company will Monday get a rest, as it is commencement night and the exercises will be held there. East Lynne will be put on Tuesday and Wednesday.

For children's matinee on Saturday at La Belle park theatre prices are only 5 and 10 cents.

ONLY SERVE AS A MASK FOR
CONTAGIOUS BLOOD POISON

They hide its repulsive form, and this serpent disease, stupefied by these drugs, lies dormant until the effects have worn off or treatment is discontinued, when it breaks down the mask and becomes as full of life and venom as ever. Mercury and Potash may dry up the sores and eruptions, but at the same time they drive the poison back into the blood and system, where it feeds upon the tender tissues, membranes and nerves, finally breaking out in most disgusting sores and even destroying the flesh and bones.

Mercury and Potash cannot accomplish a radical and permanent cure. They have a palliative but not curative effect upon this treacherous snake-like disease. These drugs produce mercurial rheumatism, destroy the teeth and corrode the membranes of the stomach and bowels, causing inflammation and dyspepsia, nervousness and general derangement of the system.

S. S. S. is a Specific for Contagious Blood Poison, and the only antidote for the peculiar virus that spreads so quickly throughout the system, corrupting the blood and infecting every organ and fibre of the body.

S. S. S. destroys the serpent, and eliminates every atom of poison from the blood, it makes a thorough and radical cure of the disease, and at the same time builds up the general health. S. S. S. contains no minerals of any kind, but is a purely vegetable remedy and we offer \$1.00 for proof to the contrary.

Write us about your case and our physicians will cheerfully advise without charge. Our home treatment book will be sent free to all who desire it.

THE SWIFT SPECIFIC COMPANY, Atlanta, Ga.

MUSTERED OUT.

NOT ENOUGH INTEREST TAKEN
IN FULTON'S MILITARY
COMPANY.

The Murray Guards at Fulton are to be mustered out. This company of state militia was organized several years ago, but there has been little interest taken in it since the death of Captain Hardiman Robertson, who was shot at Fulton and died in the railroad hospital here.

Captain Longmire, of Frankfort, went to Fulton day before yesterday to be present at an election of officers, and reorganize the company, but there were not enough members present to hold an election, and a vote being taken, it was decided to disband, and Captain Longmire will recommend that the company be mustered out.

He will arrange for all those members who desire to go with other companies to the state encampment.

A FULTON WEDDING.

PROMINENT YOUNG LADY TO
WED PROF. CHEEK JUNE 24.

A marriage of interest in Paducah, owing to the friends of both parties here, is that of Miss Annie Bransford, of Fulton, to Prof. S. M. Cheek, of Whitehead, North Carolina, at the Methodist church Tuesday morning, June 24. Revs. E. D. Ramsey, of Fulton, and E. K. Bransford, of Bardwell, to officiate. Miss Mary Lee Bransford, of Union City, and Mr. R. N. Phipps, of Fulton, will be the attendants.

The wedding was set for September, but the groom is to locate in Paducah, California, and it was decided that the wedding take place now.

GLAD HE WAS.

MAYFIELD MAN ACQUITTED BE-
CAUSE HE WAS HERE.

Bert Edwards was in the Paducah lockup several days ago, and he is doubtless glad he was. He lives in Graves county, and a day or two after the robbery at Folsomdale, when two stores were burglarized, he was arrested for being implicated in the robbery. Things looked pretty bad for him until he proved that he was in the lockup at Paducah at the time of the burglary, and could not have been implicated in it.

BANKERS OF GEORGIA.

Savannah, Ga., June 13.—A local committee of bankers and business men have completed elaborate preparations for the entertainment of the bankers of Georgia, North Carolina and Virginia, who are to meet in a general convention here next week. The gathering will be the largest of its kind in this part of the country since the convention of the American Bankers' Association in Atlanta eight years ago. Five hundred visiting bankers are expected, and a program has been arranged covering a wide range of discussions on questions of paramount importance to the financial and commercial world.

UNIVERSITY OF ARKANSAS COMMENCEMENT.

Fayetteville, Ark., June 13.—The twenty-ninth annual commencement of the University of Arkansas begins this evening with the exercises of the Garland Literary society. These exercises consist of songs, recitations and addresses. Sunday afternoon the commencement exercises proper begin with the laudatory sermon, to be given by Rev. B. B. Tyler, D.D., of Denver, Colo. The town is filling up with alumni of the university and relatives and friends of the graduates and a gala week is expected.

A Miraculous Feat.

"It seemed that nothing short of a miracle could save my little daughter from an untimely death," says City Marshall A. H. Malcolm, of Cherokee, Kan. "When two years old she was taken with stomach and bowel trouble and despite the efforts of the best physicians we could procure, she grew gradually worse and was pronounced incurable. A friend advised

Dr. Miles' Nervine

and after giving it a few days she began to improve and finally fully recovered. She is now past five years of age and the very picture of health."

As to Jewish Reform.

Dr. Hirsch thinks that the numerical preponderance of the Russian Jew in America, combined with the activity of the Council of Jewish Women and the coming of Professor Schechter, with his conservative leaning, will tend to indicate that Jewish reform progress will decrease.

HABEAS CORPUS CASE.

Promoter Offers His Body as His Only Asset and Creditor Speaks for the Gail.

Some years ago a well known promoter started to boom a new town in Montana. He adopted the usual methods, built electric railroads, established an electric light plant, put up business blocks and created himself a fine house.

Among the other business enterprises he established a bank, of which he made himself president, and, in order to inspire confidence in this, as well as in his other ventures, he persuaded some well-known Montana men to become directors, among others the then United States Senator T. C. Power, says the New York Times.

Things went along swimmingly until the panic of 1893, and then the bubble burst, and the bank suffered in consequence. At a directors' meeting, at which the president was conspicuous by his absence, it was decided that rather than have the bank fail, each stockholder would "dig up" and save it. After the meeting the members of the board went around to Mr. Promoter's house to acquaint him with their decision. They found him smoking in his luxurious library, and he listened attentively until the spokesman finished his explanation, and then he said:

"This is a very good idea, gentlemen, very, and I only regret I cannot join you."

"Why not?" inquired almost every man at once.

"Because I have absolutely nothing to give."

"What's the matter with your business blocks?" asked one.

"They belong to my wife," snarled the promoter.

"How about your electric railroad?" inquired another.

"That, too, belongs to my wife."

"Well, to whom does this house belong?"

"I gave it to my wife as soon as it was built. I am very sorry, but you see I have absolutely nothing but my body that I can call my own. I would gladly give that to be divided up if it would do any good."

"Well, gentlemen," said Senator Power spoke for the first time, "if you decide to accept Mr. Promoter's last proposition and take his body, I speak for his gail."

TEA-DRINKING IN ROME.

The Practice Is Reported to Be Growing Quite General in the Italian Capital.

Now that the readers of the Pall Mall Gazette, through its Paris correspondent, know all about tea drinking in the French capital, I would like to give the Italian view of the cup which cheers and does not inebriate, says a writer in Pall Mall Gazette.

In my rambles through Rome I have been immensely interested in the Anglomania of act and Anglophobia of word exhibited. The former is carried even to the extent of offering tea, not only in the afternoon, but at any time up to midnight, to people who always have, and I predict always will, consider it in their secret hearts in the light of a medicine. The tea is made with water which is boiling, or has been—usually the latter. After a pause of some minutes during which it stands without a cover, it is poured into exquisite cups, with never less than four lumps of sugar and milk in generous doses. When one pot of tea is exhausted fresh tea is added on the old leaves, and so on for several hours, the last cups being a concoction which is better to hear about than taste. But his all right—"so English."

Tea, and really good tea, however, may be obtained at some of the large public cafes, with sandwiches cut delightfully thin and expensive out of all proportion, while there are several tea-rooms where the beverage, to a accompaniment of muffins, scones and tea cakes, is really delicious.

One, that of the Piazza di Spagna, has become a meeting place for the Anglo-American colony, as well as all kinds of tourists, while that of the Corso is patronized by international society, and is correspondingly prosperous; but most people prefer the open fire and homely comfort of his rival.

Japan bans the telephones.
The Japanese telephone service is regulated by the department of communications. At Kobe, there is a telephone exchange which, at the end of October last, had 1,475 subscribers. There is a telephone trunk service available between Kobe and Tokyo, a distance of 377 miles; Kobe and Yokohama, 350 miles; Kobe and Nagoya, 161 miles. The charge made for trunk communications are about 20 cents (Japanese money) per 350 miles for five minutes' conversation. All the lines, instruments and fittings are owned by the government.—Pittsburg Dispatch.

A Pittsburg dispatch says: The combine has eleven tows in readiness for shipment south at the first opportunity, while the other companies have several tows also in waiting. The Ritter-Conley Manufacturing company will build two large tank barges for the Guffey Oil company, to be used in transporting oil from Texas fields to New Orleans. The Clyde coal company will build ten new barges, and the Bond coal company may have twenty built.

KENTUCKY PRESS.

PREPARATIONS BEING MADE FOR THE SUMMER OUTING.

Mt. Clemens, Mich., June 13.—Mr. Robert E. Morningstar, secretary of the K. P. A., is here in conference with Manager Morse, of the Avery, and the mayor of the city in reference to the program of entertainment upon the occasion of the visit of the Kentucky editors with their wives and sweethearts the first week in July. Mr. Morningstar expressed himself as being delighted with the proffered hospitality, and thinks that this year's Michigan outing will be the most enjoyable the Bluegrass boys and girls have ever experienced.

A TOUGH ONE.

MAYFIELD MAN FALLS FORTY FEET AND IS NOT BADLY HURT.

Edgar Stephens, a bricklayer of Mayfield, fell from the third story of new building yesterday, according to the Messenger, and struck on a pile of bricks forty feet below, escaping injury with the exception of a few bruises and scratches. It seems that there is something pretty hard about Mayfield bricklayers, or else something soft about Mayfield bricks. Or perhaps the reporter is gifted with a fertile imagination.

MAY ENJOIN

Reported That Cumberland Will Try
to Keep Out Competition.

Injunction Said to Be Probable on the
Ground of Forfeited Franchise.

There has been nothing done to-
wards starting work on the new tele-
phone company organized several
months ago to construct a line in Pa-
ducah to compete with the East Ten-
nessee Telephone company. The fran-
chise ordinance requires that work
begin within sixty days. The time
has long since passed, but the com-
pany, it is understood, claims that it
has begun work, the plans, maps,
etc., constituting work as contemplated
in the ordinance.

It seems from what can be learned
from a reliable source, that the East
Tennessee Telephone company, which
is owned by the Cumberland, and its
attorneys, are not of this opinion, and
it is understood further that if the
company now undertakes to build in
Paducah, it will be enjoined and find
itself with a big legal tussle on its
hands.

The East Tennessee, it is said, has
been advised by its attorneys that the
franchise of the new company has
been forfeited, and on their advice an
injunction is said to be the first step
that the Cumberland will take to shut
out competition, thus forcing a test of
the question in the courts, which
would delay the new line, if nothing
else.

MISSIONARIES MEET

IMPORTANT CONFERENCE TO BE
HELD AT FULTON THIS
MONTH.

Mediannes Charles Q. C. Leigh and
Frank Dunn, and Misses Elizabeth
Martin and Jessa Byrd, of the city,
have been appointed delegates to the
Woman's Foreign Missionary Society
of the Memphis conference, which
meets in Fulton Tuesday night, June
24, for a two days' session.

The opening sermon will be deliv-
ered by Rev. W. K. Piner, of Mem-
phis on Tuesday night. It is expected
that fully 300 will be in attendance.

An interesting meeting is expected.
The delegates represent a large terri-
tory and people from Tennessee, Ken-
tucky and Mississippi will be on hand.

MUSICAL CLUB MEETS.

There will be a meeting of the
guitar and mandolin club at the Y. M.
C. A. tonight, and all members are
requested to be in attendance. There
will also be a meeting of those who
will participate in the field day exer-
cises, and a good attendance is expect-
ed at both meetings. There has not
been much doing in the Y. M. C. A.
for the past two weeks, on account of
the extreme warm weather, but the
approaching field day exercises will
arouse an interest in the members and
a great time is assured.

THE WHEAT BELT.

THE YIELD WILL BE LARGER
THAN WAS EXPECTED THIS
YEAR.

Chicago, Ill., June 13—Advisers re-
ceived this week from all sections of
the wheat belt indicate that the yield
generally will be larger than at first
anticipated. An important wheat
growing

states the reduction in acreage com-
pared with last year is not so great as
earlier reports indicated. This is es-
pecially true in the great spring
wheat states of the northwest.
Through the winter wheat belt of the
middle west a yield nearly as large
as last year is reported from most
quarters. In Kansas and many points
south the yield of the enormously re-
duced acreage will be larger than at
first indicated. Abundant rains have
fallen, and from all sections come
reports that while the straw is short
the growing grain is heading up very
heavy, and an excellent product is ex-
pected. So far there is no trouble
from insects.

LONG RUN.

ONE OF MR. CHARLES CLARK'S
HARMS DAMAGED TODAY.

A hack driven by Charles Evans,
colored, and owned by Mr. Charles
Clark was slightly damaged. This
morning about 5:30 o'clock by the
horses running away with it. The
animals had been left standing on
Adams street between Fifth and Sixth
and when the driver went to open the
gate to drive them in started off and
ran down Fifth street to Trimble and
out Trimble to the graveyard where
they were stopped. An axle was
sprung and a wheel smashed up. The
horses were uninjured.

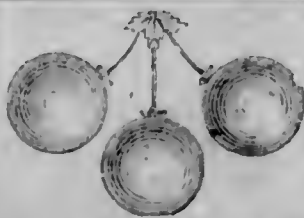

JURY SECURED.

THE GREER MURDER CASE WILL
NOT LAST OVER THREE
DAYS.

Yesterday a full jury in the Greer
murder case at Benton was secured
and about nine witnesses examined.

Attorney William Reed thinks that
all the evidence will be heard by to-
morrow and that the case will not con-
sume over three days of the court's
time. There is a large attendance and
the case is attracting much interest.

Mr. J. Marx, of Louisville, former-
ly in the clothing business here, is in
the city on a brief visit.
